

Public Comments Requested for Section 106 Project in St. Joseph, MO

Subject: Section 106 Review
515 Felix Street
St. Joseph, MO
Buchanan County
Rehabilitation using CDBG Funds

The potential project is a rehabilitation project for the façade of 515 Felix Street including new storefront windows, electrical, millwork, three commercial grade doors, new concrete in the entry way area to meet ADA compliance, and paint to create a new storefront that suits the historic nature of the streetscape.

Though the structure is older, St. Joseph Historic Preservation Staff determined that the property is not individually designated but it is listed in the National Register of Historic Places in the St. Joseph's Commerce and Banking Historic District. Due to that fact, we have determined that the rehabilitation efforts will not cause any adverse effects to our historic resources.

Should you have any further questions or wish to comment on this project, please feel free to contact Lauren Manning at lmanning@stjoemo.org by **5:00 pm on July 15, 2019**.
